Name: [REDACTED]

Incident: Death of Trey Alexander Joyner

Date: June 8th 2009

Time: approximately 8PM

Eye witness account

- At approximately 8PM on June 8th 2009 I observed a black SUV truck ride pass 1216 Holbrook and park on the corner of Holbrook and Neal street. Next I saw a blue impala with tinted windows ride pass the same address and then the black SUV followed that vehicle up Holbrook street and both vehicles made a left turn on Oats street. Approximately 3 to 4 minutes later, Trey Alexander Joyner's vehicle turned right onto the 1200 block of Holbrook at an approximate speed of 15 to 20 miles per hour. At that point the same black SUV turned on its siren which prompted Trey Joyner to pull over and stopped his vehicle. The black SUV continue on the passenger side to box in Trey Joyner's vehicle and a blue impala pulled directly behind his vehicle.

At That point 2 officers from the unmarked blue impala exited their vehicle with their guns drawn and instructed Trey Joyner to get out of his vehicle. Trey then opened the driver side door and a weapon fell onto the ground resting near the back left side tire. At that point an officer yelled "He got a gun". Trey then proceeded to run down the alley but one officer from the black SUV grabbed Trey and placed him in a head lock against the fence bordering the alley. At that point Trey got away from the officer and as he attempted to run away the officer on the driver side of the impala opened fire hitting Trey two times in the upper right lateral chest area which spun trey around with his back to all the officers which resulted in him receiving additional gun shot wounds from the officers in the SUV in his back buttock and left thigh area. He continued to receive additional gun shot wounds from the two officers standing in close proximity to their impala. Trey was struck 7 times by multiple officers.

At That point I walked over to the officers and said "why did you all shoot him like that" He did not have a gun on him". The gun was on the ground." At That point The officer on the passenger side of the Impala pointed his weapon at me and said "Get the fuck back over There on the porch". At That point one of the residents who was an eye witness and a certified nurse requested to check his pulse and the officers told her "to get the fuck back and away from here". Soon thereafter MPD arrived as more residents began to respond and That point one of the Park police officers maced one of the residents who also witnessed the murder.
